

PATENT APPLN. NO. 10/595,904  
SUBMISSION UNDER 37 C.F.R. § 1.114

PATENT

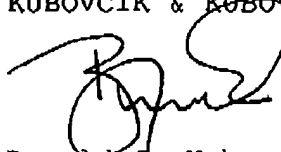

REMARKS

New claims 27 and 28 have been added to the application. New claims 27 and 28 limit the information storage device of the fuel-management system of the present invention to one which stores the occurrence of the overtime event by one or more of incrementing a stored cumulative overtime event count or adding the time during which the processed information is maintained to satisfy the required warning conditions or the elapsed time of the processed information to a stored cumulative overtime event time. Support for new claims 27 and 28 can be found on page 27, lines 9-26, and page 33, lines 4-20, of the specification of the present application, and in Figs. 13 and 17 of the present application.

Favorable consideration of the patentability of claims 27 and 28 over the prior art of record is respectfully requested.

In the event that any fees are required in connection with this paper, please charge the fees to Deposit Account No. 111833.

Respectfully submitted,
